

The Christ Community Center – “Who We Are” – Alice Beloved

I met Sam around 2010, when he began attending an “A Course in Miracles:” (ACIM) study group at Unity in the Gold Country. I had been a participant since 2004, and was happy to see our little group expand by one more person. In October 2015 I suffered a personal loss and dropped out of the ACIM group. A few years later, the Facilitator of the ACIM group, Lyn called to say that Sam had, "opened a little place in Grass Valley on Main Street," adding that he “would love for you to stop-by sometime." Well, it took three more phone calls from her before I got myself over to check it out. The name of the place: *The CHRIST Community Center* was challenging for me because I “assumed” that it would be a “religious organization” and I am not one to follow any religion. Turns out, this place is ANYTHING BUT a “religious organization!” Through my consistent participation and willingness to open myself to the Grace that lives in that “white house,” I have found myself TRANSFORMED from within. Wanna know more? Come on by, and experience this for yourself!
